Codecell Event Report

Abhiyantriki Hackathon

Date: 5th-6th October, 2018

Time: 11:00 am, 5th - 5:00 pm, 6th

Venue: KJSCE, B building, 507 & 517

Total Participants: Approx. 200 students

This was the 3rd edition of the KJSCE Hackathon conducted by codecell. This was started with the intention of promoting software development in our college and others.

The participants started filing in at 9:30 am on the 5th. They registered themselves and then at 12, after the introductory speech and the distribution of problem statements per team according to their choices, the hackathon began.

The students started working on their assigned problem statements and they got in a few hours of continuous and very productive coding done. They were provided dinner at 8pm by the organisers of abhiyantriki.

They continued coding well into the night and created their softwares by 12 noon, 6th October, they had to submit their projects for evaluation.

Evaluation consisted of creating a 2-minute ppt that was to be presented to the judges. These judges would then shortlist about 15 teams to move onto the 2nd round of evaluation.

After lunch, the 2nd round of evaluation commenced. The teams had to present a 7

minute ppt and the judges would then decide the winners of the hackathon and other categories that had been announced.

The winners were announced, the awards were given and after a few speeches by the judges and the vote of thanks by a codecell member, the hackathon was officially over.

Winners

1)Team Volatile

Veermata Jijabai Technological Institute Mumbai

2)Team Anton

M.H Saboo Siddik College of Engg.

3)Team Campus Connect

Vivekanand Education Society's Institute of Technology

We also had several category wise winners as well. A Total of 7 different prizes were announced. This was the most successful edition of the hackathon yet to be held, with over 200 participants from various colleges.
